Figure 2 : Section for accessing NPTEL Videos and other e-Resources in the Library

➢ The library has a reading room facility with seating capacity of 150.

- ➤ KOHA Library Management Software which is fully automated is available for all in-house library activities performed by the system and the library also has Online Public Access Catalogue (OPAC) and web OPAC. For circulation transactions the library uses 2 Laser scanners for reading users identity cards , bar-codes of books and key-in data.

- ➤ The library has an open access system where users can browse the required library resource in OPAC and then directly go to the shelf and collect it. For library transaction purpose (issue and return) the user has to produce bar-coded identity card to the library staff at the counter. While issuing and returning a book, the library staff scans the bar-code of the book with the automated system.

- ➤ Book bank scheme is available in the library for Scheduled Caste students.

- ➤ The library has 59 book racks (both sides) having 12 shelves and 46 steel book racks which is sufficient to accommodate the present collection of books.

Figure 3 : Racks for Books in the Library
