

About the Institute

MGM College of engineering and technology (MGM CET) is governed by Mahatma Gandhi Mission, A Charitable Trust, Registered under the Bombay Public Trust Act 1950 and Societies Regulation Act 1860. Since its inception in 1982, Mahatma Gandhi Mission has developed into an excellent educational group and is totally committed to human resource development. MGM has now a chain of Engineering, Medical, Nursing, Management, Dental, Physiotherapy, Science, Journalism and Fine Arts spread over five educational centers, Navi Mumbai, Aurangabad, Nanded, Noida and Parbhani.

The four courses viz. Computer, Bio-medical, Electronics & Telecommunications and Civil are accredited by National Board of Accreditation (NBA). MGM CET is housed in a spacious Campus near panel at the junction of NH-4 and Mumbai-Pune Expressway, but in modern style of architecture, best suited to secure the requisite effect of simplicity & dignity which should be associated with a technological institute. It maintains picturesque and lush green gardens around to provide a soothing atmosphere conducive to learning. Admission to the institute is as per the procedure laid down by Directorate of Technical Education, Maharashtra State.

About the Conference

In the course of the work life, engineers and technologists are involved in various development activities to serve the society. With the galloping rise in population the world over the service of technocrats to the human race is becoming more and more important. It is desirable that engineers develop a good and practical sense of human values so that they can fruitfully contribute to the societal development.

All human beings continuously aspire for sustainable happiness and prosperity, peace and harmony and are engaged in working for the fulfillment of these universal human aspirations, albeit, in accordance with their present understanding. Therefore, the goal of all educational processes has to be - to empower each generation of human beings to move towards fulfilling the above-mentioned objectives by providing them the right understanding and the competence to actualize such an understanding in their lives.

The National Conference on Integrating Human Values in Professional Education (NCIHVPE-2018) is aimed at developing a shared vision of integrating the human values in engineering education. The conference provides a platform for researchers and engineers from Academia, Industry and Utility to exchange their ideas and experiences. The event is an excellent opportunity for fostering academic and industrial collaborations.

With the theme of **“Integrating Human Values in**

Professional Education”, NCIHVPE 2018 is anticipated to be an engaging journey to bring out new perceptions in the realm of engineering education.

The conference will feature various plenary talks, panel discussions and paper & poster presentations on Integrating Human Values in Professional Education.
